*Card Embossing Option

You must be either a primary owner or joint owner of the account selected. If you are an authorised additional signatory to the account the primary owner and joint owner must also sign the declaration section of this application.

* Cards are automatically embossed with your name. You can choose to have other useful information embossed under your name, to a maximum of 19 characters (including spaces). For example, if you had a card on your individual Access Plus account and one on a joint Access Plus account then you could have 'My account' or 'Joint account' embossed on the card for easy identification. However do not use information that may compromise the security of your card or account, such as your member number, account number or date of birth.

EECU's Recommendation

EECU recommends that you do not provide your Visa Debit card number to suppliers for charging regular amounts to your account, as the card number and/or expiry date can change if the card is lost, stolen or replaced. A better option is to set up a **direct debit** by providing your supplier with EECU's BSB number (802-254) and your member number. If you require funds to be charged to an account other than your Access Plus (S1) account, please contact EECU using the details provided at the bottom of the front page of this form.
